

Student Member Testimonial

Hana Burkly was the EQAC student member for the July 2013-June 2014 term. She prepared the following testimonial regarding her service on EQAC:

Serving on EQAC is an excellent opportunity to see how environmental policy is carried out at a local level. Each person will get something unique from being a part of EQAC, whether that is making connections with other people in the field, or simply gaining a greater appreciation for a clean environment and for those who make that possible.

Being a part of an organization such as EQAC is a rare opportunity for a student, and it has been a great privilege to serve on the Council. Student members will gain invaluable experience -- not just from learning about environmental issues but also just from working with adults who have a wealth of knowledge and passion for the environment. EQAC taught me how to step out of my comfort zone and think critically about the world around me. I would highly recommend it to anyone who is interested in environmental science. If you have any questions, feel free to email me at hana.burkly@yahoo.com.
